NEWSPAPER LAW.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscription.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrears are paid.
3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled their bill and ordered their paper discontinued.
4. If subscribers move to other places without informing the publisher, and the paper is sent to the former direction, they are held responsible.
5. The courts have decided that refusing to take periodicals from the office, or removing and leaving them uncollected for, is prima facie evidence of intentional fraud.
6. Any person who receives a newspaper and makes use of it, whether he has subscribed for it or not, is held in law as a subscriber.
7. The Postmaster who neglects to give the legal notice of the neglect of a person to take from the office the newspaper addressed to him is liable to the publisher for the subscription price.

\$100.00 Given Away Every Month

to the person submitting the most meritorious invention during the preceding month.
WE SECURE PATENTS FOR INVENTORS, and the object of this offer is to encourage persons of inventive turn of mind. At the same time we wish to impress the fact that:

It's the Simple, Trivial Inventions That Yield Fortunes

- such as De Long's Hook and Eye, "See that Hump," "Safety Pin," "Pigs in Clover," "Air Brake," etc.
- Almost every one conceives a bright idea at some time or other. Why not put it in practical use? YOUR talents may lie in this direction. May make your fortune. Why not try?

Good-bye to the Sergeant.

Doherty was drilling with his squad of recruits in London.

Doherty was nearly 6 feet 2 inches in height, and at that time the Sergeant-Major was a man whose height was only 5 feet 4 inches. On this day he approached the squad looking sharply about him for some fault to find. All the men squared up except Doherty, and the Sergeant-Major at once accosted him. "Head up there, man!" called he. Doherty raised his head slightly. "Up higher, sir!" The head was raised again. Then the Sergeant-Major managed, by standing on his toes to reach Doherty's chin, and he poked it higher, with the remark: "That's better." Don't let me see your head down again." By this time everybody was interested at seeing Doherty staring away above the Sergeant-Major's head, when a voice from above said, in a rich brogue: "Am I always to be like

this, Sergeant-Major?" "Yes, sir." "Then I'll say good-bye to ye, Sergeant-Major, for I'll never see ye again."—*Tit Bits.*

Driven to Drink by Science.

Food Crank Doctor—Bread is the staff of life? Nonsense; if you eat it when it is fresh you will die of indigestion. If you eat it when it is stale you will die of disease germs that have lodged in it. In short there is nothing so fatal to life as bread. Patient—Then you advise me to eat something else?

Food Crank Doctor—My dear fellow, science has little to offer you in the way of advice. Everything else is as deleterious as bread, and of course to eat nothing at all will result in your death by starvation.

Patient—Great Scott! I guess the only thing for me to do is to take to drink.—*New York Tribune.*

A Terrible Kicker.

"Please, sir," said the bell-boy to a Texas hotel clerk, "Number 40 says there ain't no towel in his room." "Tell him to use one of the window curtains." "He says, too, there ain't no pillows." "Tell him to put his coat and vest under his head." "And he wants a pitcher of water." "Suffering Cyrus! But he is the worst kicker I ever struck in my life. Carry him up the horse pail." "He wants to know if he can't have a light." "Here, confound him! Give him this lantern, and ask him if he wants the earth, and if he'll have it fried only one side, or turned over?"—*Texas Siftings.*

DO YOU
WANT
ONE

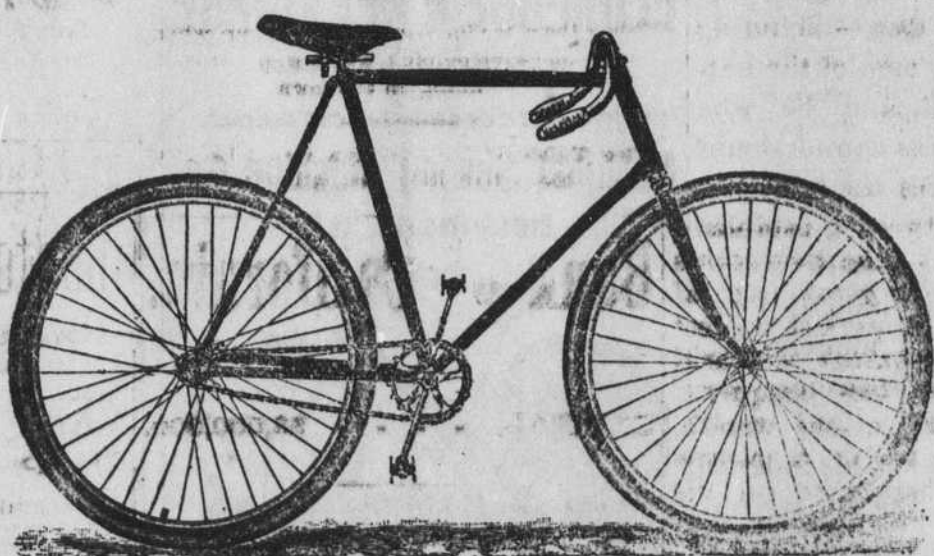

BOYS
&
GIRLS

A KING
OF CY-
CLES

HERE IS THE CHANCE OF YOUR LIFETIME

To Secure a \$100 Monarch Bicycle Absolutely Free.

READ ABOUT HOW TO GET IT.

WE want One Hundred new subscribers to the LYON COUNTY TIMES, and we want you to get them for us. The Bicycle is to be the reward of the boy or girl who sends in the most names. The contest stops as soon as we receive the One Hundred paid up yearly subscribers to the paper.

The subscription price of the TIMES is Three Dollars a year, but to arrange matters so that all who contest for the Cycle may make something, we will allow contestants Fifty Cents on each subscription. In other words, you collect Three Dollars from the person who subscribes; keep Fifty Cents, and send the other Two Dollars and Fifty Cents to us by Wells, Fargo & Co. or Postoffice Money Order.

This is the most liberal offer that we have ever seen a little weekly paper make. The Cycle will doubtless be sought by a great number, and it may be won by a boy or girl who sends in only eight or ten names, as the contest positively closes when we receive the One Hundred yearly subscribers. So you see it will be necessary for you to hustle.

The contest is not open to any person outside of the State of Nevada. We hope to see the Wheel won by some one of the bright boys and girls in Lyon County. The bicycle craze is afloat in Virginia City and Carson, and some energetic youth in one of those places may be the winner.

Each week we will publish a list of subscriptions received by us during the week, and the names of those sending them.

SOMETHING ABOUT THE MACHINE.

THE "Monarch" is one of the few High Grade Wheels manufactured in this country. It is manufactured in Chicago by the Monarch Cycle Company, and was awarded the highest honors at the World's Columbian Exposition. It is a superior machine in every respect, and one that any boy or girl would be proud to own. Superior workmanship and material are used in their construction, they are light weight, and are fully warranted. For a two-cent stamp you can get a catalogue by addressing the Monarch Cycle Company, 42-52 North Halsted Street, Chicago, Ill.
